Definitions

MINIMUM QUALIFICATIONS TO APPLY:

- An **individual** must have **closed** at least **50 sides OR \$20 million** in sales volume.
- A **team** must have closed at least **75 sides OR \$30 million** in closed sales volume.

INDIVIDUAL SALES PROFESSIONALS vs. TEAMS:

Should we determine that an applicant has knowingly submitted false information regarding their status as an individual versus a team (refer to the definitions listed below) or any other false data, we reserve the right to permanently ban them from the ranking.

Individual:

An agent who works alone, under a brokerage company, does not share transactions or commissions with other Buyer or Seller Professionals on their transactions and who may employ unlicensed or licensed, non-selling administrative staff is an INDIVIDUAL AGENT.

Team:

All others will be considered TEAMS for purposes of our study.

- An applicant may only submit as an individual or team, you may not submit for both.
- REAL Trends will be carefully reviewing all websites and other sources to ensure the accuracy of the placement of individuals and teams. Any individual/team that submits incorrectly will be moved to their correct category or removed from the rankings.

New in 2019

Did you switch firms in 2018? Please contact dwelch@realtrends.com as it is the responsibility of the sales professional or the team to submit verification of data from both companies. Typically, you should not rely on your firm to do so.

REAL Trends will no longer allow an individual within a team to break out their individual production and submit it. If you are in a team, you will have to submit as a team.

When a Team and a Brokerage are owned by the same person(s), the Team production must be filed separately. Those in the top 20 will be required to show a tax return/GCI as well as the entire brokerage's tax return/GCI. They cannot be the same.

Mixed Use: See below under COUNTING TRANSACTIONS/SALES VOLUME/New Developments.

TEAMS

VS

BROKERAGE FIRM

Do you want to submit your brokerage's production numbers as a whole? Brokerages please submit to our REAL Trends 500 ranking, which ranks the company as a whole. Applications for the REAL Trends 500 can be found at www.realtrends.com/rankings/rt500. The deadline to submit is March 1, 2019.

Brokerages who combine multiple teams within their brokerage or Professionals who do not usually work together as a team but submit to the The Thousand/America's Best will be removed from the rankings. Entire brokerages should be submitted under our REAL Trends 500 rankings.

COUNTING TRANSACTIONS/SALES VOLUME:

There are two transaction sides to each transaction, the selling side and the buying side. When you represent both sides on a transaction that is two sides. When you handle only one side it is obviously only one side. For volume, when you complete both sides of a transaction you should double the sales volume for reporting to us.

Ex: If you represented both sides of the transaction of a home that sold for \$1 million, then you would count that as two closed transaction sides and count \$2 million towards your closed sales volume.

All **residential** sales of 1 to 4 unit buildings, including single family, condominium and co-op units and lots sold for residential uses are included.

Leases/rentals and time share units are not included. Commercial sales are not included.

New Developments: If a commercial property is bought to be turned into residential, it cannot be counted. The sale will later be counted when the newly developed residential deal sells. Mixed use, must only count the portion that is residential.

Co-listings: Co-listings should count as .5 of a transaction and thus the volume should also be divided in half.

Ex: If you co-list a home that sells for \$1 million, you would count that as .5 of a transaction and \$500,000 towards sales volume.

Questions or Changes? Please send an e-mail to Doniece Welch at dwelch@realtrends.com with any questions or revisions to your application.

The DEADLINE to submit an application March 31, 2019.
